.4 RID CEU's Professional Studies

Everyone loves to see music in motion, whether it's a choreographed dance or a musician's stage performance. Adding the beautiful language of American Sign to music is also wonderfully entertaining. This workshop will focus on putting inspirational Christian music into motion by creatively incorporating ASL. Song elements and ASL features will be taught; the song's intent and English text will be analyzed; and troublesome phrases/idioms will be discussed and glossed.

Deaf, professional interpreters, and ASL students are welcome to attend! Participants are encouraged to bring a song selection with lyrics to the workshop, groups will be formed, and each group will produce and perform their interpreted song.
